

## Statistics and Programme Implementation

Sl. No	Name of Schemes/Projects
1	Indian Statistical Strengthening Project
2	Basic Statistics for Local Level Development

### **India Statistical Strengthening Project –**

In order to strengthen the capacity of the Indian Statistical System to provide reliable, timely and credible socio-economic statistics to assist the decision making within and outside Government, and to stimulate research as also to promote informed debate relating to the condition of people's life, this scheme has been in operation since the 10<sup>th</sup> Plan. This will continue in 11<sup>th</sup> Plan with the objective of strengthening the State Statistical Bureaus including State Networking.

### **Basic Statistics for Local Level Development –**

This is a new scheme under Centrally Sponsored Scheme with 100% Central support.

National Statistical Commission had recommended that a Committee of Experts comprising representatives from the concerned agencies might be constituted to review the efforts already made in the past by various Groups and Committees and suggest a minimum list of variables on which data needed to be collected at the local level for rural and urban areas.
